

K-Love is so important to the community It keeps me centered with wholesome values and positive encouragement. If K-Love were displaced by an LPFM broadcaster, I believe the effect on the local community would be devastating. Communities need programing like this in these difficult times. People need to know there is quality music for all children and support for families torn apart by struggles in this life. K-Love has always been a 'port in the storm' for me and many others. Thousands of people on the radio, listen to K-Love and find peace, encouragement, love and strength through the music and topics offered by this station. Without K-Love to listen to, I would have nothing to encourage my day, make me smile, and enable me to do the work I do, which is help people.
